

# *HFM Operator Fired Displays*

Fireworks create the ultimate in dramatic visual impact for many special events. Whether you need an exciting opening show or a never-to-be-forgotten climax for your wedding, corporate day, grand opening ceremony, birthday, anniversary party, HFM is able to provide the professional service you expect with a programme sequence tailored precisely to *your* requirements.

## *HFM can provide:*

- **Astonishing Openings...**

Messages, portraits, even company logos. Sequences ranging from the subtle to the staggering. What better way to grab the attention of the crowd than with a burst of sound and light, or the sight of majestic floating fireworks rising gently into the night sky beneath helium-filled balloons?

- **Phenomenal Finales...**

A spectacular crescendo of colour and sound as giant Chinese "cakes" hypnotise the audience with crackles, screamers, and comets. Close your special day in a way that will guarantee it is talked about for years to come.

- **Stunning Shell Shows...**

A truly awe-inspiring display of the Pyrotechnic Arts. Aerial shells up to 400mm create breathtaking bursts of multi-coloured stars and trails.

- **Daytime Dramatics...**

Smokes, shrieks, whistles and bangs bring the wonder of Bonfire Night into the daylight. What better way to announce your special message than with the traditional burst of firecrackers?

- **Breathtaking Battle Simulations...**

Thunderflashes, artillery air bursts, bullet hits, smoke screens, groundbursts and even napalm simulators combine to make a truly realistic, memorable, yet safe environment for re-enactors, paintballers, filmmakers, and others.

## *Pricing:*

Specific prices will depend on your exact needs and the location, so feel free to call and discuss your requirements with us. HFM personnel are experienced, friendly, and helpful and together we can turn your ideas into an unforgettable reality. Here are some typical prices.

**Weddings and Private events: From £575.00**  
**Corporate, Club or Promotional Events: From £1000.00**  
**Major Public Displays: From £2500.00**  
**Battlefield Simulations: From £500.000**

The HFM prices agreed with clients will include:

1. Technical advice and idea visualisation
2. Site suitability determination (including the arrangement of any third-party site inspections that may be required by law)
3. Manpower (the firing team and personnel responsible for the implementation of safety protocols)
4. The fireworks/pyrotechnics themselves
5. Your peace of mind - which takes the form of our £10,000,000 public liability insurance cover

The following "shooting scripts" will give you much more of an idea of what to expect. Of course, the specific fireworks used can be varied according to your particular tastes and needs. More bangs? Fewer bangs? No problem.

*Together we can make your special day into a truly memorable event.*

# CELESTIAL DISPLAY

A wonderful display featuring the full range of firework effects fired over a minimum five-minute period. Commencing with a spectacular sequence of aerial shell bursts, the display proceeds with multiples of Roman Candles; Willow and Palm effects, reaching a superb climax consisting of thirty, large air-bursts in fifteen seconds.

*You may wish to entertain your guests with a spectacular waterfall or a funny flying pigeon but only if the venue is large enough.*

ories that last a lifetime

### What you can expect when booking a professional firework display

A meeting with our display manager to discuss your specific requirements during our site visit, it is during this visit that we will be able to advise you of the effects available for the particular firing site chosen and your budget.

-----  
A copy of our Dangerous Goods Safety Advisor (DGSA), insurance policy, insurance accredited risk assessment plus full details of equipment and effects to be used in the display.

-----  
A minimum of two operators to load, marshal the firing site, fire the display and to clear the site afterwards of all hazardous waste.

-----  
You will not be asked to pay a deposit but full payment will be required twenty-one days prior to the display.

### What happens if the display has to be cancelled?

Should the display be cancelled by the organiser or venue operator after the site visit, risk assessment and display has been choreographed we will ask you for the transport and administrative costs only.

On very rare occasions, weather conditions such as strong wind may make the display unsafe to fire, our pyro-technicians will assess these dangers and inform you that larger effects or sequences of the display have been withdrawn or the show delayed or cancelled, if this is the case a minimum of half the budget will be refunded.

The safety of the public, spectators and firing crew is paramount, if the display is cancelled because of personal safety issues due to inadequate crown control there will be no refund. Please follow all instructions stated in the risk assessment.

Although the rain puts a little dampener on a show it will not affect 99% of the fireworks, this is due to the waterproofing we carry out prior to the display, unfortunately large lancework can sometimes be affected.

The cancellation of a firework display is an extremely rare event, out of the many displays HFM Pyrotechnics have fired over the years we have only had one cancellation, but please remember that November the 5<sup>th</sup>, winter shows & New Years eve events do carry a greater risk due to wonderful weather we get in the UK.

## How do I book a firework display with HFM Pyrotechnics Ltd

- Firstly: we would ask you to call us as soon as possible to verbally reserve the date.
- Secondly: write to us and officially book the date giving us all the required information like the date, full venue details, budget and a suitable time for our display manager to carry out the insurance accredited site visit.
- Thirdly: sit back and relax safe in the knowledge that you have booked Staffordshire's premier firework display company.
